Capario Achieves EHNAC 5010 Readiness

Capario is recognized for exercising due diligence in preparing for the implementation of 5010 by January 1, 2012

Santa Ana, CA – October 6, 2010 – Capario, a leading provider of revenue cycle management solutions that connect healthcare payers and providers nationwide, today announced it has been recognized by the Electronic Healthcare Network Accreditation Commission (EHNAC), a non-profit standards development organization and accrediting body, for achieving all requirements of the EHNAC 5010 Readiness Assessment Program.

In order to fulfill these requirements, Capario met planning and preparation activities consistent with the Centers for Medicare and Medicaid Services (CMS) guidelines for analysis, testing and implementation of the 5010 version of the Health Insurance Portability and Accountability Act (HIPAA) transactions.

Capario supplied documentation to EHNAC demonstrating readiness in the following areas:

- Gap analysis
- System impact analysis
- Business process impact analysis
- Project plan
- Timeline for implementation
- Testing plans
- Implementation plan
- Contingency plan

"We are committed to providing our clients the tools and support needed to ensure they have a smooth transition to the ANSI 5010 format and this recognition by EHNAC validates our preliminary efforts," says Jim Riley, president of Capario. "Capario will allow our customers to mitigate deadlines by handling the translation into and out of the 5010 format as needed ensuring their compliance."
