

FOR IMMEDIATE RELEASE

Capario Achieves EHNAC HNAP Accreditation

Acknowledged for excellence in revenue cycle management solutions

Santa Ana, CA – June 20, 2011 – Capario, Inc., a leading provider of revenue cycle management solutions that connect healthcare payers and providers nationwide, today announced it has once again achieved full accreditation with the Healthcare Network Accreditation Program (HNAP) from the Electronic Healthcare Network Accreditation Commission (EHNAC). With near perfect results, Capario received a score of 102.5 out of a possible 103 on the EHNAC accreditation audit.

This represents Capario's sixth consecutive HNAP accreditation since 2001. By achieving full re-accreditation, EHNAC recognizes Capario for its progressive revenue cycle management solutions and commitment to the latest industry standards and regulations.

"Achieving compliance, especially with such a high audit score, is a true testament to Capario's hard work and dedication to providing quality solutions for healthcare providers and payers nationwide," said Jim Riley, president of Capario. "In fact, following the review, EHNAC commended us for maintaining clear, centralized policies and procedures that meet EHNAC requirements, calling our services exemplary."

During the review process, Capario was meticulously evaluated on processes for managing and transferring protected health information throughout its portal application, as well as electronic transaction services. Key areas, including privacy measures, systems availability and security infrastructure, were assessed against industry-established standards and HIPAA regulations.

"With recent changes in legislation and compliance requirements, this is a crucial time for healthcare networks to ensure that they're adhering to the latest standards in privacy, security and confidentiality," noted Lee Barrett, executive director of EHNAC. "In order to earn EHNAC HNAP accreditation, healthcare networks are required to demonstrate excellence and a commitment to ensuring the security and privacy of health data processing and transactions for their customers."

About Capario

For more than 20 years, Capario has provided industry-leading technology solutions to help providers get paid more quickly and more accurately. Capario operates a single, nationwide, real-time, open network that powers its revenue cycle management solutions. Capario has connectivity to more than 4,000 payers and is directly connected to more than 72,000 providers and an additional 158,000 providers via vendor partners. Based in Santa Ana, Calif., Capario is accredited by the Electronic Healthcare Network Accreditation Commission (EHNAC) and the CAQH[®] Committee on Operating Rules for Information Exchange (CORE[®]) for Phases I and II. Capario is a privately held company owned by Marlin Equity Partners. To learn more, visit www.capario.com.

About Marlin Equity Partners

Marlin Equity Partners is a Los Angeles, California-based private investment firm with over \$1 billion of capital under management. The firm is focused on providing corporate parents, shareholders and other stakeholders with tailored solutions that meet their business and liquidity needs in special situations. Marlin invests in businesses across multiple industries that are in the process of undergoing varying degrees of operational, financial or market-driven change where its capital base, industry relationships and extensive network of operational resources significantly strengthens a company's outlook and enhances value. Since its inception, Marlin, through its group of funds and related companies, has successfully completed over 30 acquisitions. For more information, please visit www.marlinequity.com.

About EHNAC

The Electronic Healthcare Network Accreditation Commission (EHNAC) is a voluntary, self-governing standards development organization (SDO) established to develop standard criteria and accredit organizations that electronically exchange healthcare data. These entities include electronic health networks, payers, financial services firms, health information exchanges and e-prescribing solution providers.

EHNAC was founded in 1993 and is a tax-exempt 501(c)(6) nonprofit organization. Guided by peer evaluation, the EHNAC accreditation process promotes quality service, innovation, cooperation and open competition in healthcare. To learn more, visit www.ehnac.org or contact info@ehnac.org.
